RE: HOST FAMILY
swags@fortmcmurraygiants.ca

Hosting players as a part of summer baseball is a tradition as old as the game of baseball. We find it to be a rewarding experience to both the player and family.

Here's what you need to know when considering hosting a Giant's player:

The Fort McMurray Giants Roster includes collegiate baseball players who travel from across Canada and the US to fulfill their desire to play at the highest level of baseball possible. For this and hopefully several additional summers, these athletes become apart of our community. These players will treat your home, your family and our community with the utmost respect.

EXPECTATIONS OF A HOST FAMILY:

The WCBL schedule begins the **last week of May** and ends in the **middle of August**. It includes a 56 game schedule over approximately 2 1/2 months. Half of the schedule is played on the road, leaving slightly more than 2 weeks that your Giants player will be needing accommodation each month. During our home schedule, the players will generally be at the ballpark from approximately 3:00 PM -11:00 PM.

- Provide housing accommodations for your player. While you do not have to cook for your player, it is expected that you have food readily available for them to make their own meals and snacks.
- Transportation will be arranged by the FMGBC. However if you are able to transport your player sometimes it is greatly appreciated!
- Players must be provided with their own private living space, and the ability to use laundry facilities for personal clothes, access to bathroom facilities and WIFI access. All game worn clothes will be cleaned by the FMGBC. The Host Family is also expected to set house rules for their player(s), and monitor their behaviour just as you would any member of your household. If a problem was to arise, please contact the Fort McMurray Giants as we expect billeting to be a positive experience for both parties!

BENEFITS OF BEING A HOST FAMILY:

- For providing this valued service, you will be compensated \$500 for the season, be provided with a season pass for your family and participate in special events exclusive to the Host Families!
- Season Pass for each member of the household
- Exclusive Host Family Events
- Having a role model in the house: as players are often a great influence on the children in the house.
- Lifelong friendships with a high-caliber collegiate baseball player, and possible professional athlete.

EXPECTATIONS OF THE PLAYERS:

- Players are expected to keep their personal living space, and common areas tidy, and help out around the house where they can
- Respect all household rules
- Clean up after themselves
- Be a positive role model and community member
- Do their own laundry

BILLET HOST QUESTIONNAIRE

- Have you been a billet family in the past for the FMGBC or another sport, such as a hockey billet host family?
- Do you have a private living space, shared laundry, access to bathroom/shower facilities and access to WIFI for the billet player(s)?
- Do you agree to having food readily available for the billet player(s) to make their own meals and snacks?
- Can you ensure you will be home regularly during the months of May - August to assist the billet player(s) needs as a host family?

Tell us about yourself and family! What are you looking forward to as a host family? We look forward to hearing from you!
